FIT TO PERFORM

**20%
LIGHTER!**

Jackson is driven to produce the best fitting figure boots in the industry. Use of proprietary advanced materials combined with design features developed from working with world class skaters, have produced an exceptional series of boots.

The advanced materials used in our 5000 Series boot construction reduce weight and continue to be fully Heat Moldable with reduced heat requirements.

- Personalized skates in one fitting
- Eliminate 8-10 week wait for customs

The proprietary materials and construction allow your Authorized Skate Technician to heat the Jackson boot and shape to your fit characteristics.

**Custom Fit in
10 Minutes**

Fit to Perform

JACKSON WRAP SYSTEM

The Jackson 5000 Series utilizes proprietary Heat Moldable materials combined with key design features.

CUFF WRAP

Angled hooks are set back with softer facing materials to wrap the ankle for superior stability while eliminating lace bite.

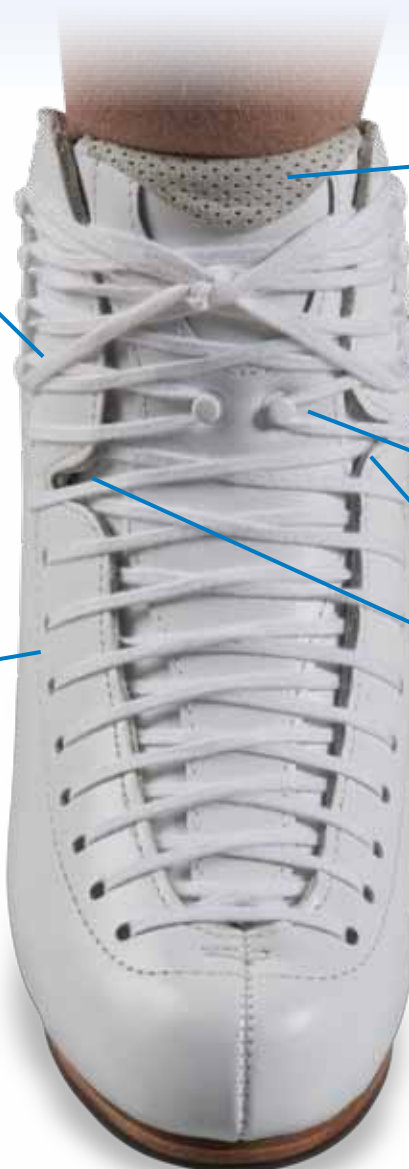

SHIN CUSHION

Eliminates pressure and improves flexibility

GRADUATED INSTEP WRAP

Softer facing with the eyelet set back allows the boot to wrap the foot providing improved stability and control.

TONGUE HOOKS

Secures tongue placement

ASYMMETRIC FLEX POINTS

The anatomical design of the flex notch matches the ankle's natural flex points resulting in enhanced flexibility with superior comfort.

SUPREME SHOCK ABSORPTION

Jackson's Supreme 5000 Series represents the Ultimate in shock absorption.

Advanced Poron Shock Absorption Inside and Outside Ankle.

Shock absorption EVA/ Cork heel and mid sole.

Poron heel insert for landing shock absorption.

Poron construction with "no stick" covering provides superior shock absorption. The foot bed design shapes to the skater's foot for a stable platform.

The LCF Sole features superior shock absorption properties due to the composite construction of leather and cork EVA.

- Carbon graphite insert reduces torque for improved stability
- Reduced weight
- Moisture resistant
- Rubber layer provides non-slip blade mount and improved shock absorption

LCF Soles are STANDARD on all Jackson 5000 Series boots.

JACKSON CUSTOM BOOT SERVICE

Jackson offers a full custom boot service to meet the special fit requirements of its skaters. Our custom service includes a complete custom fit for requirements not met with our stock product. Support ratings can be modified to fit the skater's requirements.

**The Figure Skate
Company**

Driven to Perform for our Athletes

We would like to thank the many Jackson athletes that participated in the development of the Jackson 5000 Series. We are indebted to the skaters for their input in design features and performance testing.

MIRAI NAGASU

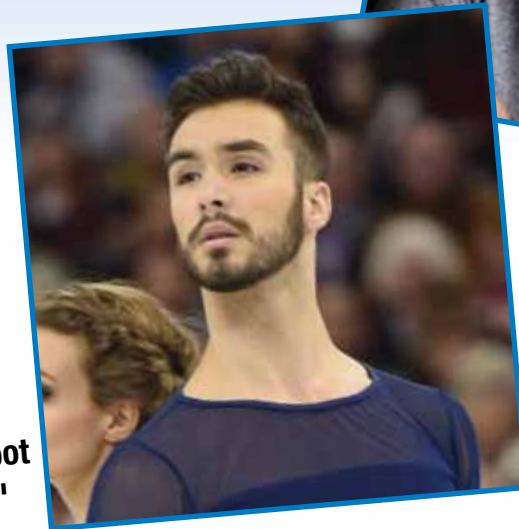

"I love being part of the Jackson family because they always make sure that my boot needs are taken care of from toe to heel."

ISU Four Continents Silver Medalist
4 Senior Grand Prix Medals
US National Medalist

GUILLAUME CIZERON

"Thank-you Jackson for the best boots and blades ever!"

2 x World Champion
2 x European Champion
2 x French National Champion

ALISSA CZISNY

"I love my Jackson Skates!"

Grand Prix Final Champion
8 Senior Grand Prix Medals
US National Champion

ELLADJ BALDE

"The boot just fit perfectly with my foot! It's very rare that I put my foot in a boot and I don't have any pain at all! Plus they just look great, I love the new material and they're lighter"

ISU Nebelhorn Trophy Champion
2 Junior Grand Prix Medals
Canadian Junior National Champion

www.jacksonultima.com

Matrix

LIGHTWEIGHT PERFORMANCE

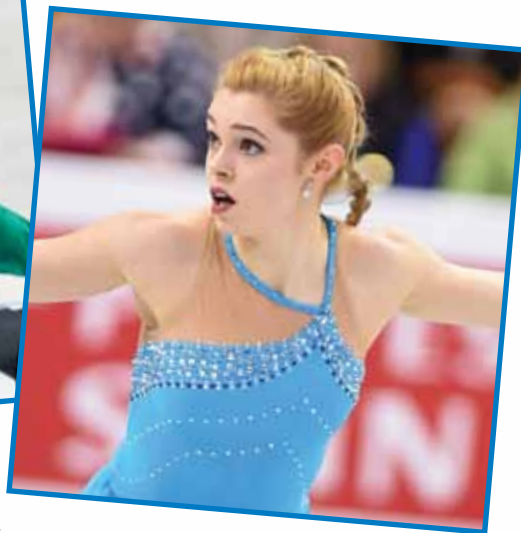

Lighter, faster with the superior edge performance of stainless steel.

JASON BROWN

"My Matrix blades are completely amazing. Jackson boots are one with my feet, just love them."

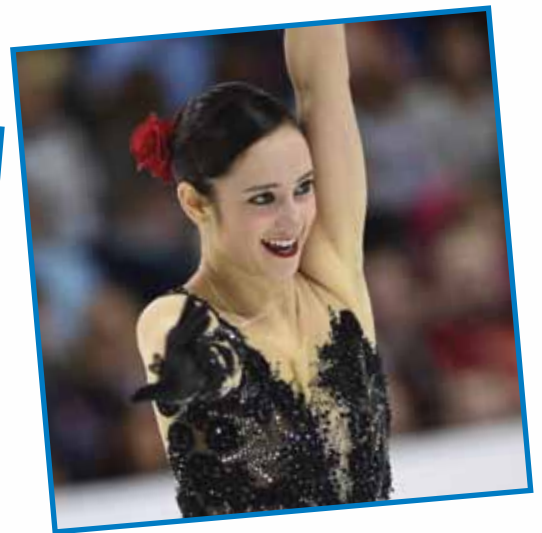

3-Time Grand Prix Medalist
Junior Grand Prix Final Champion
US National Champion

ALAINE CHARTRAND

"I have more edge control since I started using Matrix blades."

Canadian National Champion
2-Time Canadian National Medalist
Grand Prix Medalist

KAETLYN OSMOND

"I love the lightness and speed of the Matrix and don't have to sharpen as often."

2-Time Canadian National Champion
2-Time Canadian National Medalist
Grand Prix Medalist
